Andrew Lovell Clinic
Sunday 22nd March 2026

This is a cross country clinic so a body protector must be worn as well as a jockey scull hat (without a fixed peak) to current British Safety Standards. Please ensure your shoulders are covered.

Please park sensibly and close together on the hardstanding below the arena.

This clinic is on grass. Andrew will meet you at the cross-country end of the lorry park (near the piles of stone). He will have the gator so will be easy to spot.

If you have to cancel on the day or will be late, please contact Andrew directly on 07768 825857 to inform him.
